MAKING A HOME

A house is made of bricks and mortar, but it takes more than that to make a home. Support, love, guidance, and structure are all important components of a home. Lake County Haven provides all of this and more to thirty women and children each and every night.

Residents of the Haven have experienced the chaos, violence, hardship, and isolation of homelessness. Once they arrive at the Haven, a new reality emerges for them – one of safety, security, and support. In this nurturing environment, women heal from the experience of homelessness and take the steps necessary for long-term, independent living.

Please consider making a contribution today. Your gift is essential and will allow us to serve many more families.

“If it wasn’t for the Haven, I don’t know where I’d be now.”

Our Story

The Haven was started in 1992 when two Lake County neighbors came together to try to help homeless women and children. They could imagine what it would be like to be hungry and homeless, and they felt that was unacceptable. So these two ordinary people, Peg Bradley and Mike Gretz, got together and did something absolutely extraordinary. They decided to start a program to help homeless women and children. The result was the Haven.

They said YES to the challenge of not only providing homeless women and children with a home, food, and the necessities of life, but also to providing a wide range of services to help people get back on their feet again. And because of their vision and dedication, hundreds of women and families have emerged from the bleak reality of homelessness to lead independent lives.

Who Becomes Homeless?

The reasons for becoming homeless vary and include job loss, foreclosure, domestic violence, addiction, and illness. No matter how a woman might find herself in this situation, the Haven provides all the safety, support, and structure she needs to overcome her problems and regain independence.

How Can Homelessness Be Ended?

Services are available in three phases: respite, support, and transformation.

Respite

The Haven’s shelter looks and feels like no other shelter you’ve seen; it is truly a home. The Haven prides itself on providing a safe, quiet, comfortable dwelling on a tree-lined street in Libertyville. Residents find a family-friendly environment, a kind and welcoming staff, and a sense of community.

Support

Case management, counseling, employment coaching, financial education, and life-skills training prepare residents for the next step in their rebuilding process. We also make grants to help with transportation, medical expenses, and educational costs.

Transformation

Our program is very structured and goal-oriented. All efforts are focused on helping each woman and family to graduate to the next level of independence, with the final vision that our residents will never be homeless again.
